Catholic Charities’ Beacon of Hope Gala supports life-affirming women and children programs that are helping those in need.

The evening begins with cocktails, hors’d’oeuvres & the GENUFLECTONES! This time will feature kiosks to obtain restaurant gift cards, wine, signature bracelets, and beautiful religious items. Also, there will be an opportunity to buy an engraved brick for Lighthouse Women’s Center garden, supporting the continuum of care needed for those women and their children who are in need.

Keynote speaker, Jennifer O’Neill, a former Cover Girl and devoted Christian, will share her personal and relevant story that embraces the theme, “All That Glitters is not Gold.”

New this year is the Young Professional Lounge (YPL) for those between the ages of 21-35. The YPL allows younger supporters to experience the event first hand while mingling with their peers. YPL tickets are available.

Give Me the Answer
I'll Give You the Question

Some time ago, I made an appointment for an oil change. Just as I was leaving the shop to get a cup of coffee while they worked, they chased me down to ask what to do with the tires! They’d obviously misunderstood the reason I was there. They were looking for the right answer to the wrong question.

Some 43 years ago, the abortion rights movement made a brilliant move by rephrasing the question concerning abortion. The question became not “Should the laws of America prohibit abortion?” as they always had, but “Should women have the right to choose?” As good ole Americans we ate this up…

we LOVE choice.

It got us to respond to the wrong question; a question about the freedom of choosing rather than a question about the science of human life and legal protection.

The real questions are: “Do women have the right to choose to consent to sexual intimacy?” “Yes” is the answer and we have laws which prosecute when this consent is violated. The next question becomes: If a conception occurs, “is this a human fetus which has the same rights as all other humans?” The answer to this question is also “Yes”, from both the scientific community as well as the religious one. Unfortunately, the Supreme Court did not recognize the deception placed before it and failed to protect the unborn just as it failed to do the same for African slaves in 1857 in the Dred Scott decision.

In the 43 years since the legalization of abortion, over 50 million babies have been lost, but so have millions of mothers and fathers. We know that in the attempt to resolve a “problem” these millions of mothers and fathers have acquired many more self-destructive problems… depression, addiction, patterns of self-destructive and risky behavior, divorce, difficulty conceiving, difficulty bonding with future children and spouse, cancer and despair.

The trick of re-phrasing the question to get around the real issues is alive and well in American politics. The Assisted Suicide movement wraps its death wish legislation with the attractive question: “Should people be able to choose to die with dignity?” Again, we LOVE choice.

It sounds bad; however, there is good news on these battle fronts. More and more young people are recognizing the deception of abortion (for the first time, Holy Trinity will be sending teens to the Life March in Washington D.C.!) and more and more victims (mothers and fathers) are reconciling with God and getting help.

Pro-abortion forces continue to attempt to wrap the question in a lie, but we have the truth on our side… both from the perspective of Science and Faith. This Saturday January 16, the Denver March For Life will take place at the Cathedral and the Capital. Come join us and for Life’s Sake…

Please, pray for the end of abortion.
Please, help those desperate enough to consider it.

By His Grace,
Fr. John Paul Leyba
