Well, it's not everyone's favorite topic, but it is an important one.

Once again this week, we struggled to get some bills paid, and we have payroll coming up soon.

I know it's hard to give, but when you think of the wonderful ways your parish family reaches out and touches so many, when you think of the beautiful buildings we have in which to pray, and study and learn together, when you think of the gifts we have received, then it becomes a bit easier to want to share and to keep the goodness going.

If everyone gave just a bit more, some giving for the first time, and some giving after decades of support and care, we can make sure our future is secure and that the beauty of Saint Mary's Parish endures.

We survive only through the gifts you share at Mass; and this offering is taken up at Mass for that reason...it's a part of us given in love before we receive all of God given in love. What a gift and joy. Thank you for your generous love today and into the future. You really are amazing!!
