How can we afford Upgrades?

The Finance Council, Parish Council, Building and Grounds Committee and I have been discussing and researching what repairs and upgrades we can afford for to work on this summer. We have applied for 5 grants from Catholic Foundation to start with needed repairs and upgrades to lease the school. Each grant we applied to receive was for \$7,000.00 and will not be awarded until August or September.

However, in each area needing repairs there was a requirement to have bids from electricians and contractors to provide estimates for the cost of repairs or up-grades. In each case it was evident that repairs would cost well over \$7000.00 in each area. The windows would cost at least \$15,000.00 to \$20,000.00; the electrical around \$30,000.00 the roof was \$10,900.00, which was paid for from Building and Grounds collection. These projects are necessary to keep our parish open and serving the needs of you the parishioners. I would also like to finish paving the parking lot, which I suspect will cost another 15,000.00 to 30,000.00. Our discussions bring us to consider a loan that we would apply for through the Knights of Columbus or the Diocese, which would allow us to immediately repair the electrical in the school, the windows and the parking lot. Making this coming year a new year ready for the renting of the school and church more financially secure.

The other option is that we invite you the people to donate what you can afford to our Building and Grounds collection or send us a larger personal contribution specifying the area you would like your contribution to be spent. When you specify which project you want your contribution to support, we will surely use that contribution only for that project.

God Bless You,

Padre Sean

¿Como podemos pagar las mejoras?

El Consejo de Finanzas, Consejo Parroquial, El Comité de Edificios y Terrenos y yo hemos estado discutiendo e investigando que reparaciones y mejoras podemos permitirnos para trabajar en este verano. Hemos solicitado 5 becas con la Fundación Católica para actualizar reparaciones necesarias para arrendar la escuela. Cada beca que se aplico es para recibir \$7000.00 y no se otorgara hasta agosto o septiembre.

Sin embargo, en cada área que necesitan reparaciones había un requisito tener las ofertas de los electricistas y contratistas para proporcionar estimaciones por el costo de las reparaciones o actualizaciones. En cada caso era evidente que las reparaciones costarían más de \$7000.00 en cada área. Las ventanas costaría por lo menos \$15,000.00 a \$20.000; el sistema eléctrico alrededor de \$30.000 el techo fue \$10,900.00, que se pago de colección de Edificios y Terrenos. Estos proyectos son necesarios para mantener nuestra parroquia abierta y atendiendo las necesidades de ustedes los parroquianos. También me gustaría terminar pavimentación del estacionamiento, que sospecho que va a costar otros \$15,000 a \$30.000. Nuestras conversaciones nos llevan a considerar un préstamo que aplicaremos atreves de los Caballeros de Colon o la diócesis, que nos permitiría inmediatamente reparar el sistema eléctrico en la escuela, las ventanas y el estacionamiento. Haciendo este año que viene un año nuevo listo para el alquiler de la escuela y la iglesia financieramente más seguro.

La otra opción es que te invitamos a la gente a donar lo que puede darse el lujo de nuestra colección de Edificio y Terrenos o envíenos una contribución personal mas grande especificando el área que le gustaría que su contribución a gastarse. Cuando se especifica que proyecto desea su contribución ayudar, seguramente usaremos esa contribución solo para ese proyecto.

Que Dios te bendiga

Padre Sean
