Thank you and Prayer Request from George and Peggy to the Saint Joseph Rosary Society:

Thank you so very much for the "Beautiful Gift Bag". It seemed we were never going to get in sync with our health. Our social calendar was "yucky" doctors, testing, doctors, bloodwork, doctors and taking care of each other. I am doing a lot better, but prayers please for George. He is going to have surgery for an aneurysm. They have been watching it for about 5yrs and it is at the point of danger. Haven't got a surgery date as yet, but everything is now hurry and wait. God Bless and Much Love, George & Peggy Brostoski

Growing in Faith

Take an antidote for a deadly sin

Some sins are considered especially deadly because they lead to other sins. Fortunately, the "Capital" or "Deadly" sins such as envy, pride and lust have antidotes. For example:

Envy is wanting what someone else has. Heavy doses of gratitude will help. Our peace is restored when we remember that all good gifts come from God and are glad for others' good fortune and grateful for our own.

Pride is seeking attention and honor that belong to God. Pride makes us focused on ourselves, concerned about how we appear to others. Humility is a counter. Purposely draw attention to others, rather than yourself. Praise and thank God daily of your gifts.

Lust is focusing on sexual self-gratification rather than glorifying God. Sexuality is a gift from God and not inherently impure. Lust, However, is misuse of that gift, straying from God's intention for us. Love, willing the good of the other, is at the heart of what it means to be human. Love for God and each other is the antidote.
