Question of the week- Why does the Catholic Church believe that Christ is really present in the Eucharist? The Catholic Doctrine of the Real Presence is the belief that Jesus Christ is literally, not symbolically, present in the Holy Eucharist-body, blood, soul and divinity. Catholics believe in the Real Presence of Christ in the Eucharist because Jesus tells us this is true in the Bible: **"I am the living bread which came down from heaven; if any one eats of this bread, he will live forever; and the bread which I shall give for the life of the world is my flesh."** The Jews then disputed among themselves and asked how this could be? Jesus Said to them: **"Truly, truly, I say to you, unless you eat the flesh of the Son of Man and drink his blood, you have no life in you; he who eats my flesh and drinks my blood has eternal life, and I will raise him up on the last day."** The Doctrine of the Real Presence that Catholics believe today was believed by the earliest Christians 2,000 years ago.
