Parish News

***Religious Ed. - April 9th is Family Day for those preparing for First Communion.** It will be held from 1-4 p.m. in the Parish Hall. The child and at least one parent must attend.

***On April 8th the NSAA (Nebraska School Activities Association) Representative Assembly will be voting on a proposal to restore the prior NSAA practice that students participate in school activities according to their sex noted on their birth certificate at birth.** It is imperative that all concerned parents and other citizens contact their local school board members and public high school superintendents to urge them to lobby their delegates to the Representative Assembly to vote for the "sex at birth proposal."

***The NSAA webpage at www.necatholic.org has three easy steps to help you identify your local board of Education members and public school superintendents** and convey to them your concern about this important issue.

***April 17th is our parish Spring dinner:** Please let the committee know if you will be out of town so schedules can be made. Thanks!

***Lent in nearing the end, but you can still continue to receive daily emails from Matthew Kelly.**

Question of the Week - What do the different "levels" of candles mean?

The main function of the Votive Candles (displayed in glass containers in racks or stands) is to maintain the intention of prayers, usually for a specific purpose or issue. Those who light them usually say a prayer over one candle at a time, and by keeping these individual candles lit, the specific prayer is believed to be prolonged and amplified along with the intentions of other believers' prayers. Even when churchgoers leave, their prayers remain in the church, and then others may pray over the candles later. The small votive candles burn for about 6 hours, and the larger ones burn for 6 days. Catholics also use votive candles as to remember their deceased loved ones, usually on All Saints Day and All Souls Day.
