A WORD FROM THE PASTOR

I want to bring everyone up to date on our Cathedral Project and capital campaign. As you know, over the past two years or so we have put a great deal of time and energy into both the design of a renovated Cathedral Center as well as an ambitious capital campaign. While both efforts remain alive, we have come up against some formidable challenges. In this brief column, I will do my best to explain our situation.

First of all, the Cathedral Project. After an extensive interview process, we selected Hacker Architects to design a renovated Cathedral Center and a new courtyard. Hacker produced some beautiful renderings of a parish hall with large glass doors that opened to the courtyard, providing a large space for indoor/outdoor receptions. We used those renderings in our fundraising efforts, and most people seemed to like the design.

Over the last year, a committee worked with Hacker to refine the concept. We came up with a nice commons area on the first floor with an entrance on 17th Street. The first floor included other meeting rooms, an adoration chapel, and restrooms. The second floor was the hall with a kitchen and storage space. The third floor retained the choir room, which we dubbed “multi-purpose.” Unfortunately, because the second-floor ceiling was too low for a hall, a portion of the ceiling (the third floor) had to be removed. While this looked good, it eliminated a lot of the useable space on the third floor.

The problem is this: the renovation, seismic upgrade, and courtyard were too expensive. After extensive meetings with all parties, we had to inform Hacker that we would need to do further consultation with other architects before we could proceed. That is taking place now. We just interviewed three architectural firms, and we will select one to review the plans and to suggest design alternatives. While this may change the design, we are hopeful that the basic plan will remain. I will keep the parish informed.

Secondly, the capital campaign. As reported, we have received about \$3.5 million in pledges for our Cathedral Project (which also includes the completion of the seismic upgrade of the school). With the information we now have regarding cost, we have revised our campaign goal to \$10 million. We thanked Ed Lemma and DSG for their assistance in achieving the current pledged amount, but we also made the decision to seek a new, full-time parish development director. This person would complete the capital campaign, but also help put the parish (including the school) on a firm financial foundation. This would include seeking major gifts; working with wills, trusts, and planned-giving; and also applying for grants from foundations. We have already set up a couple of interviews with candidates, and we are hopeful for success.

Keep the Cathedral Project in your prayers. I am grateful to all who pledged their financial support to the project, and I intend to make regular reports on our progress.

Msgr. Patrick S. Brennan

CATHEDRAL SCHOOL

Pre-Kindergarten: Building a Foundation for a Lifelong

Love of Learning: Cathedral School's Pre-Kindergarten program offers a safe environment where children can experiment, discover, find independence, and become thinkers. The developmentally appropriate curriculum includes lessons in literacy, math, social studies, science, creative arts, physical education, and religion; and still leaves plenty of time for play. If you have a four-year-old ready for Pre-Kindergarten next year, there is a spot for your child at Cathedral!

Cathedral School is now accepting applications for the 2018-2019 academic year in grades PK-8. For more information visit: www.cathedral-or.org, or call Mrs. Hatley at 503.275.9370 to schedule a tour.
