Apparitions of Our Lady of Fatima (part 14)

I suppose that I cannot conclude without speaking about the third part of the "Secret of Fatima," that occurred during the 3rd Apparition of Our Lady of Fatima on July 13, 1917. I already spoke of the first two parts of the "Fatima Secret" in the 5th bulletin article of this series on Fatima. The first two parts of the secret regarded the children's vision of hell, as a sea of fire where the souls of damned go, both demons and humans who reject God. The second part was of hope, that through the consecration of Russia to the Immaculate Heart of Mary, many souls will be saved from the fires of hell, but if not, Russia would spread its errors of atheism throughout the world and an even worse war would punish the world for the evils of sin committed.

The third part of the "Fatima Secret" was revealed by Pope John Paul II on May 13, 2000 at the beatification of Jacinta and Francesco (the two other visionaries of Fatima). The following is the English translation from the letter written by Lucia:

"J.M.J.

The third part of the secret revealed at the Cova da Iria-Fatima, on 13 July 1917. I write in obedience to you, my God, who command me to do so through his Excellency the Bishop of Leiria and through your Most Holy Mother and mine.

After the two parts which I have already explained, at the left of Our Lady and a little above, we saw an Angel with a flaming sword in his left hand; flashing, it gave out flames that looked as though they would set the world on fire; but they died out in contact with the splendour that Our Lady radiated towards him from her right hand: pointing to the earth with his right hand, the Angel cried out in a loud voice: 'Penance, Penance, Penance!'. And we saw in an immense light that is God: 'something similar to how people appear in a mirror when they pass in front of it' a Bishop dressed in White 'we had the impression that it was the Holy Father'. Other Bishops, Priests, men and women Religious going up a steep mountain, at the top of which there was a big Cross of rough-hewn trunks as of a cork-tree with the bark; before reaching there the Holy Father passed through a big city half in ruins and half trembling with halting step, afflicted with pain and sorrow, he prayed for the souls of the corpses he met on his way; having reached the top of the mountain, on his knees at the foot of the big Cross he was killed by a group of soldiers who fired bullets and arrows at him, and in the same way there died one after another the other Bishops, Priests, men and women Religious, and various lay people of different ranks and positions. Beneath the two arms of the Cross there were two Angels each with a crystal aspersorium in his hand, in which they gathered up the blood of the Martyrs and with it sprinkled the souls that were making their way to God. Tuy-3-1-1944".
